Their cost will be \$2300 per day for the crew. They estimate it may take two days. For source 4, all the piping has been purchased to put down the hole for the air compressor. We need a 2-modulating valve and a check valve. Once those are installed, he will work with Northwest Water Systems to schedule the test.

#### OLD BUSINESS:

## **Rental Agreement Discussion:**

As discussed in the previous meeting and working session, the lease with the community club for our office session was placed on the agenda for further consideration. The lease that was signed last year was for five years. That lease provided for consideration of a raise in rent at the end of the lease, which is for five years. Mr. Morris was under the impression that the rate increase would be reviewed

annually and be tied to the Consumer Price Index in Seattle. From his conversations with the Club, that was their understanding as well.

Mr. Morris moved to add the word "annually" in front of sub paragraph under E, line 3. Ms. Carlson seconded. A lengthy and detailed discussion followed, including input from counsel. Mr. Morris withdrew the motion; Ms. Carlson withdrew her second. In the end, the Commissioners agreed that, instead of using the CPI figure, a \$5 per month per annum rate increase would be best. Mr. Morris will make the proposal to the club and gather their feedback. At the next working session, it will be discussed further before taking any official action.

<u>Generator Update</u>: Ms. Watson reported that her contact, Nick, got sent out on a job with Generac, another company dealing with generators, and eventually got certified as a technician for them. He will try to source the needed switch through Generac if he can't get it from Cummins. Hopefully by the end of this month he will have a price and an order.

Well Update: Covered in maintenance.

#### **NEW BUSINESS:**

American Leak Detection/Tower Readings: Covered in maintenance.

**Quarterly and Annual Reports**: Ms. Carlson reported on the quarterly and annual reports. Only the Department of Revenue report has not been filed. DOR has extended the filing date to 4/15/21

Mr. Morris asked for a pay equity for our laborer (water works helper) at an apprentice water works operator rate. Anne suggested we do some research – perhaps Evergreen Rural Water. Ms. Carlson will contact her friend at Beacon Hill. Mr. Morris moved to raise the wage for the water works helper to \$21.50 effective from 12/1/2020. Ms. Carlson seconded and the motion passed unanimously.
