DISCUSSION TOPICS:

Commissioners discussed the results Ms. Carlson's work on the IRS reports 941 that were not filed in past years. The amount is substantial even without knowing what interest and penalties. It could run as high as \$100,000. Ms. Carlson will contact IRS again to see what can be done. There was discussion on whether we should move money out of investments to cover the amount or set up a payment schedule. Mr. Morris felt it was much more cost effective to pay the total and sacrifice a small amount of interest than to continue to accrue a high interest rate while making payments to IRS. Ms. Watson was contacted by telephone and agreed with Mr. Morris. As more information becomes available, this will be discussed in detail and resolved at a regular board meeting.

Breaks were taken throughout the day to conduct district business away from the office as was a lunch break.

WORK DONE:

Ms. Carlson continued to work on the IRS issue and worked with Mrs. Snow on a couple of projects.
