## TRAILS END WATER DISTRICT

Working Session MINUTES 1/31/25

**CALL TO ORDER**: The working session came to order at 4:32 pm

**ATTENDANCE:** Deb Watson, Joe Morris, Sarah Carlson, Commissioners

## **DISCUSSION TOPICS:**

Commissioner called Cummins Tuesday. We finally have a quote. She is still not satisfied with the way things are going and will have the quote and more information to present at the next meeting. She is trying to get it done in conjunction with annual service in March to save travel costs.

Commissioner Morris reported that the leak rate is now down. The switch to transfer between wells failed in less than a day after it was put in service. Southwest Electric will come back Monday to look at it. He plans to present a proposal to purchase \$200 on a manual from American Water Works that will assist the district in keeping up with best practices. We will put it on the agenda for the next meeting to allow commissioners to gather more information. He also reported on on-going work around the system. We continue to wait on the well approval.

Commissioner Morris and Attorney Montgomery will be at the convention during the next meeting, but will join by zoom or phone.

Agenda was set for the 2/11/25 meeting.

## ADJOURNMENT:

The meeting adjourned at 5:15 pm.
