**TRAILS END WATER DISTRICT**
**Working Session**
**MINUTES**

**5/29/26**

**CALL TO ORDER**: The working session came to order at 6:15 pm

**ATTENDANCE:** Deb Watson, Joe Morris, Sarah Carlson, Commissioners

**DISCUSSION TOPICS:**

Ms. Carlson reported that the annual on-line State Auditor's report was completed and submitted on time. The annual Consumer Confidence Report is due no later than July 1. She will be working on updating information and getting the report ready for discussion at the June 9th meeting. Several ideas for the section on the "From the Commissioners" section were suggested.

Mr. Morris reported that the leak has been found and fixed. Ms. Watson and Mr. Morris reported on the generator. Both pumps and generators are fully ready to go in the event of a power outage. We had one power outage and everything worked flawlessly. With both pumps approved and operational at full capacity, the Department of Health has authorized the district for 373 hook-ups. Realistically, that many far exceed our needs at this time. There are only 17 lots left where a hook-up might be needed.

The agenda was set for the 6/9/26 agenda. Both Mr. Morris and Ms. Watson will be unavailable to attend in person. However, they will make every effort to attend via Zoom.

**ADJOURNMENT**:

The meeting adjourned at 7:00 pm
