

TRAILS END WATER DISTRICT
Working Session
MINUTES
7/31/26

CALL TO ORDER: The working session came to order at 6:08 pm

ATTENDANCE: Deb Watson via phone, Joe Morris, Sarah Carlson, Commissioners

DISCUSSION TOPICS:

Mr. Morris reported that a customer on Razor Road had his property survey and our lines on the Razor Road properties may not be the easement area. He thought we might want to have our own survey done for a comparison. Discussion followed. He will discuss this with Ms. Montgomery and continue to follow up. He also reported that the Department of Health notified us that the district missed some samples in 2025. DOH gave a deadline of 8/31/26 to get them in.

After all the repairs, our leak rate is 5.01%, the best it has ever been, and other general work done around the system this month.

Commissioners reviewed the current connection status. The system is authorized for 373 connections. We have 267. Leaving 106 hookups available.

Ms. Snow advised that there needs to be a correction to the date on the last working session meeting from last month. Ms. Watson reported that she will be out of town on the date of the August meeting but will be attending via Zoom. Commissioners set the agenda for the August meeting as follows: Updates on Lead Line Survey; conferences; Water line on Razor Road issue.

ADJOURNMENT:

The meeting adjourned at 6:35
